02 PPT Guidelines

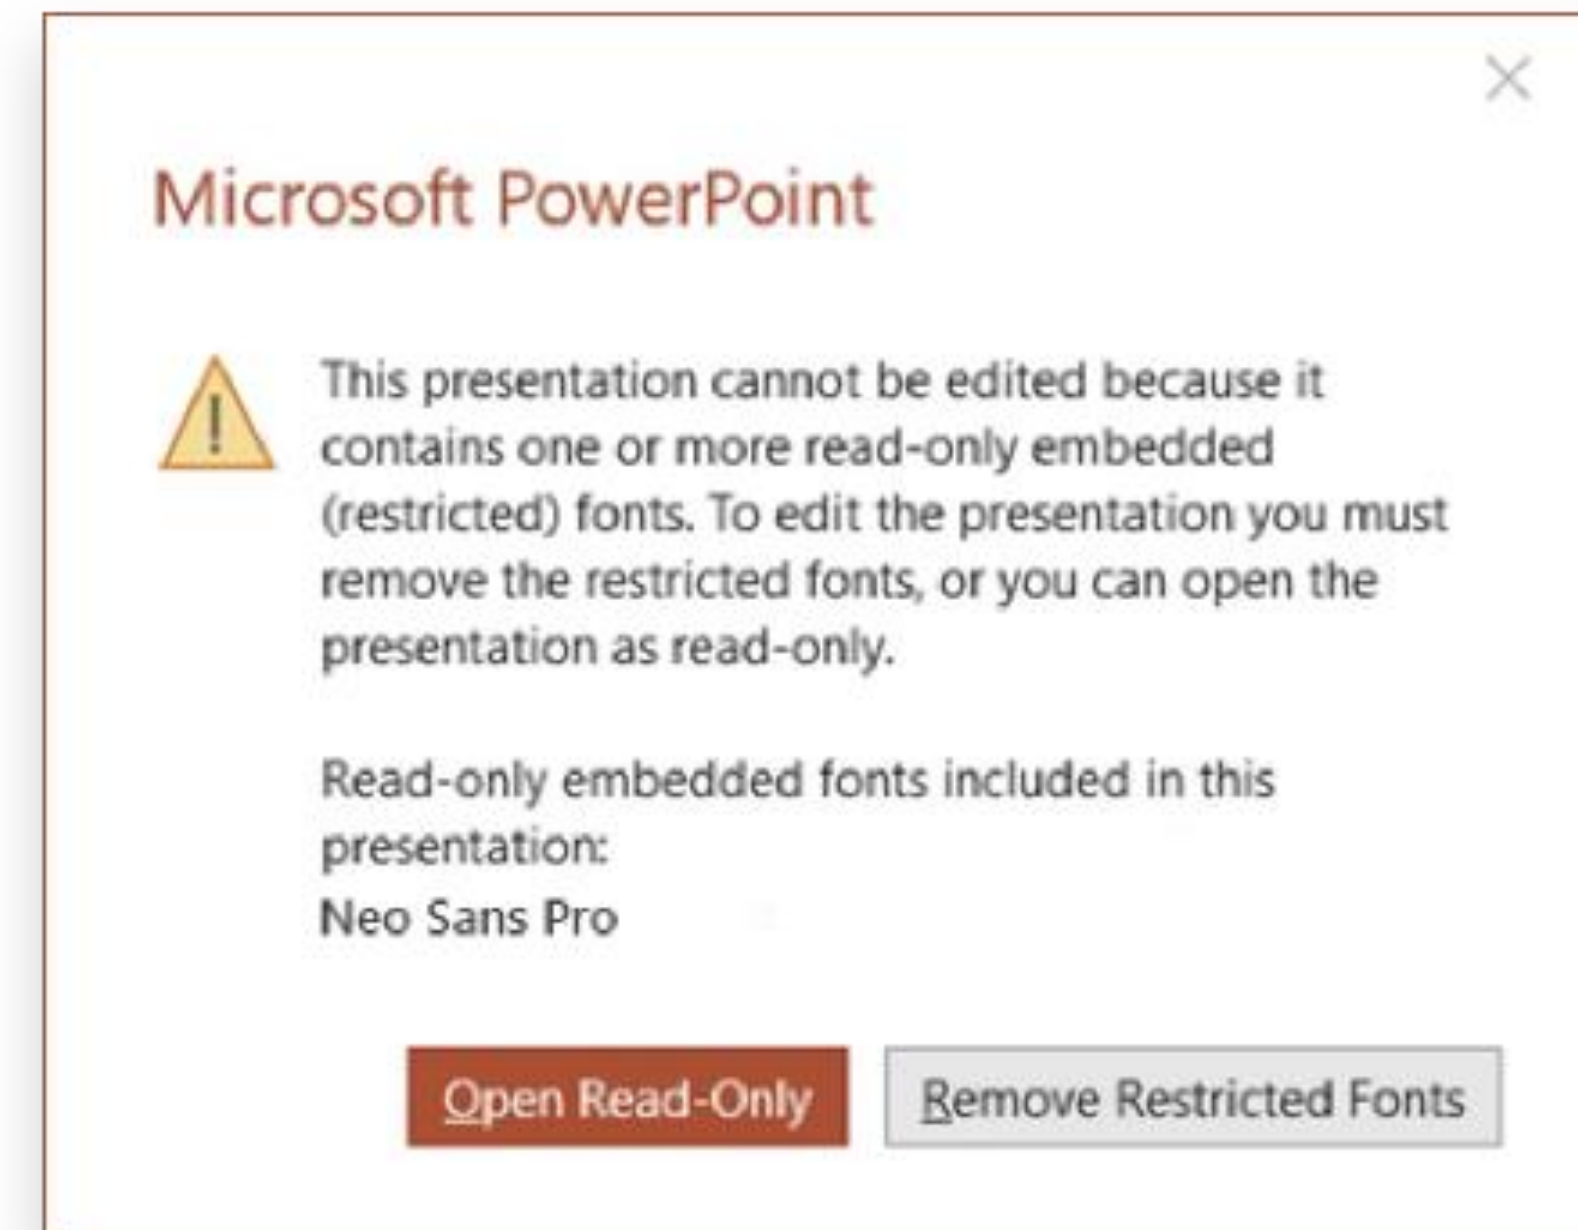

Font, icons, and colors

Font

Figtree

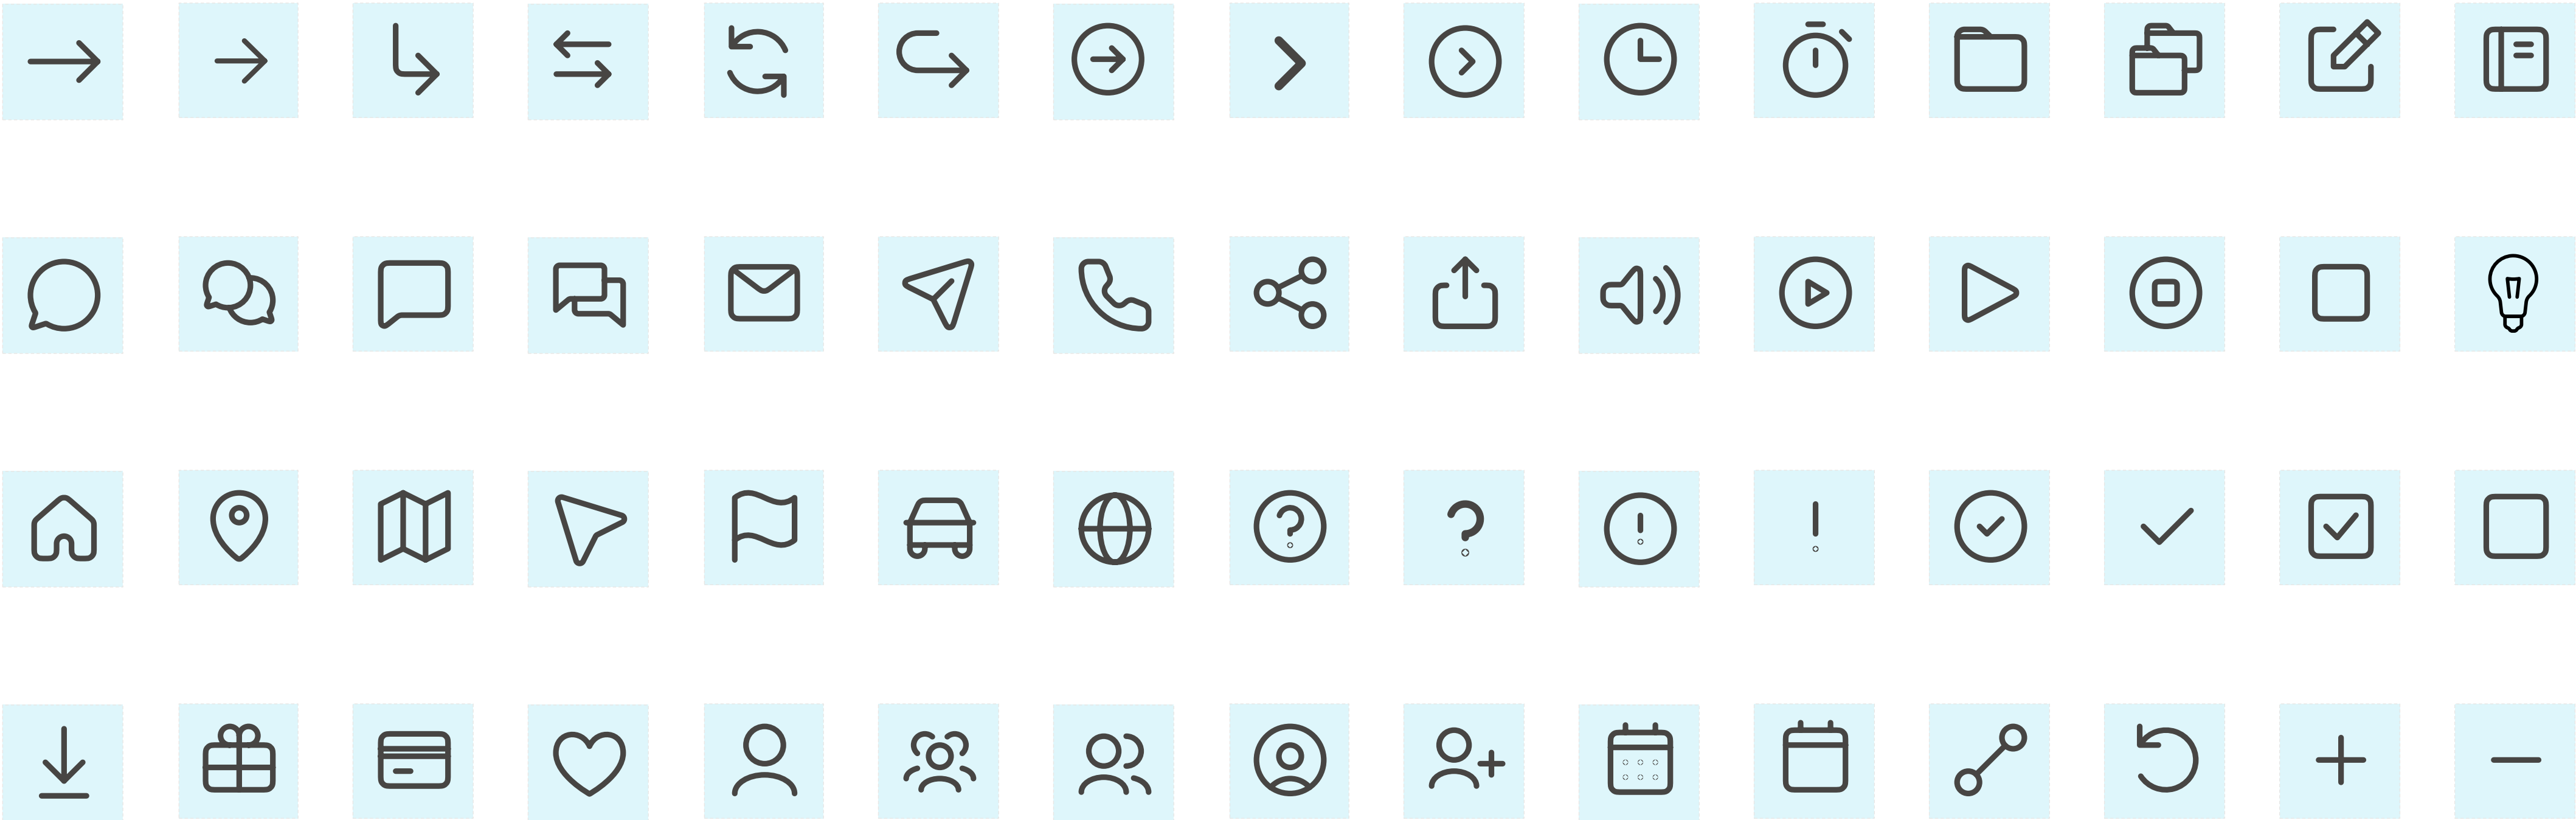

Correcting front errors

To ensure employees can use the approved digital font without having it installed on their local computer, the settings on our master PowerPoint template have been updated to embed fonts. Unfortunately, this setting can also result in non-approved fonts being added, which can create viewing or editing errors when the file is shared with other employees. Please reference these detailed instructions to ensure that only approved fonts are used.

Icons

Rule of thumb
Light colors from the palette should be used
to not take away from the supporting content
